EXCERPT FROM D/FBIS DAILY LOG - 23 October 1974

6. [] asked for another set of Clark transcripts from which he can make copies as needed. Barbara Keating, third party candidate in the election in New York, had now asked for a set of Clark tapes and transcripts. [] said two New York TIMES reporters had been in touch with the Agency on this general subject. [] of OLC had given the full package to the Agency oversight committees on the Hill.

9. [] Chuck Warren of Senator Javits' staff called twice about the Clark tapes and transcripts. The first time Warren wanted to know if we had tapes on some items in the Daily Report which were not in the transcript package that we sent to Javits. In both cases that he questioned the Clark statements were in a foreign language--Mandarin and Vietnamese--and I told him that we did not have tapes since the material he was referring to was translated materials and not own voice. On the second call Warren asked if we had any other tapes or transcripts that we hadn't sent him. I assured him we sent everything we had. (cc: L&R)

1. [] called to say that Bob Kuttner of the Washington POST had called again wanting to know how unusual our service to Javits might have been and said he was making a formal request under the Freedom of Information Act regarding the last time such a service was rendered. [] said he had checked with OGC to see if such information could be considered exempt under the Act. Dick Lansdale said that if there were a written record of requests for tapes in unclassified form we would be obligated to provide it. I told [] I would check with [] on Tuesday when he returned from annual leave. The question is: Do we have unclassified records indicating who was given tapes and when? If not when was the last time we gave recordings to a private citizen or a Member of Congress? (cc: C/Admin, L&R)

5. Paul Walsh called to say that Gary Klein of Javits' New York campaign staff had called to say there appeared to be portions of the Clark statements which do not appear on the FBIS tapes. Paul asked that we get in touch with Klein and then let Paul know what happened. (cc: L&R)

EXCERPT FROM D/FBIS DAILY LOG - 21 October 1974

1. Paul Walsh called to say that the Agency had received a copy of a telegram sent by Javits to Clark Friday evening regarding the Clark Hanoi tapes. Paul said that Bill Colby is preparing a letter of transmittal for the tapes addressed to Mr. John Trubin on Javits Re-Election Committee in New York which we should deliver with the tapes to Gary Klein in Javits' office, 326 Old Senate Office Building. Klein would see that the tapes get delivered to Trubin in New York. Paul said that the Library of Congress had pulled out of the matter on Friday. (cc: L&R)

2. Mr. Hugh W. Wolff of the Congressional Research Service of the Library of Congress having received Mr. Colby's letter and the Clark transcripts called L&R to ask for the Clark tapes. I informed Paul Walsh and together we went to see Mr. Colby who directed that we call Wolff and tell him that while we recognize our legal obligation to make the tapes available this is something we do not want to get in the middle of and will not produce the tapes until we have been assured that Clark has been told by Javits' staff that this service was being performed. OGC had meanwhile confirmed with the Department of Justice that we had no legal recourse but to produce the tapes. At the end of our discussion, Mr. Colby said that I should see to it that this doesn't happen again.

Paul Walsh called later to say that according to Wolff Javits will inform Clark what he is doing and will want the tapes on Monday morning. (cc: L&R)

1. Ed Prector called about 7:30 in the morning to say that a New York TIMES reporter by the name of Steven Weisman had called [] the evening before with a number of questions regarding the Clark tapes. Why had we made it a condition that Clark be informed before we relayed the tapes to Javits? Mr. Colby had responded that he thought it was the right thing to do. Ed noted that we gave Congressmen copies of items that referred to them. Did we give copies of transcripts to anyone else that might be mentioned? I said no. 25X1

Having checked all the belts to see if there were any discrepancies as suggested by [] confirmed that all were correct except for a few instances where different monitors might hear different things due to bad reception. I reported this to Ed. (cc: L&R) 25X1
